

Symantec Asset Management Suite

Product Sales, Professional Services & Authorized Training

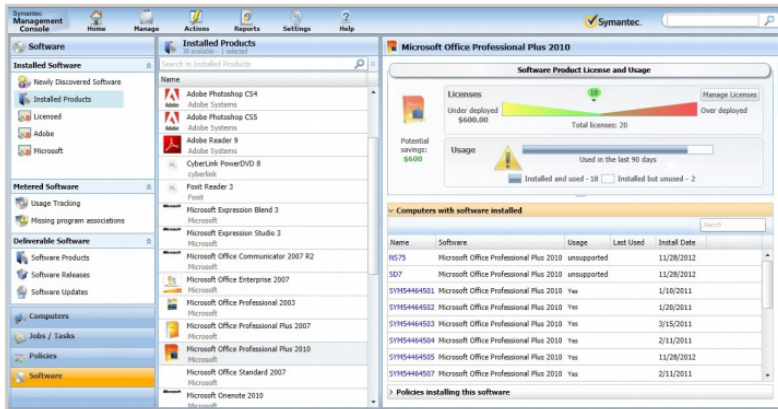

NetX Information Systems, Inc. • Symantec Expert Accredited Partner

Take control. Ensure compliance. Uncover savings.

Symantec Asset Management Suite (AMS) powered by Altiris technology provides you with an accurate picture of your organization's assets. Symantec AMS ensures compliance during software audits, assists in avoiding vendor penalties and fines, and uncovers savings by eliminating the purchase of unnecessary licenses. Capabilities include: software license management, contract management, asset management, reporting and analytics.
