

Symantec Endpoint Protection

Product Sales, Professional Services & Authorized Training

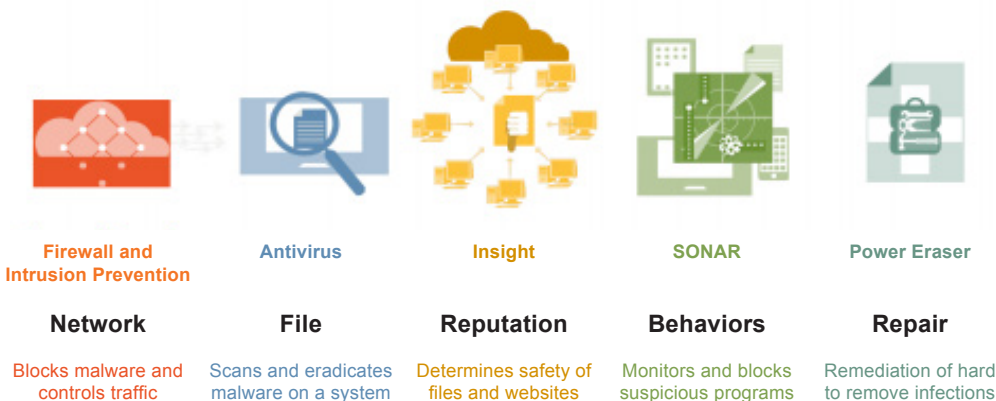

NetX Information Systems, Inc. • Symantec Expert Accredited Partner

Move beyond Antivirus with intelligent security.

Symantec Endpoint Protection (SEP) brings unrivaled security, blazing performance, and smarter management across both physical and virtual environments. By leveraging the world's largest global intelligence network, Symantec can proactively identify at-risk files and stop zero-day threats without slowing down your performance. Only SEP provides the security you need through a single, high-powered agent, for the fastest, most-effective protection available.
