

NetX Training Classes

Delivered by Master Accredited Engineers

Platinum Partner

NetX a Symantec Authorized Training Partner (ATP) delivers Instructor-led Training Classes either on-site or remotely. Our Master Accredited Engineers are recognized as the best in the nation, and deliver comprehensive 'Real World – Hands On' classes designed for system administrators, managers, operators, developers, and end users who need to get the job done!

Our high-quality training classes consist of in-depth presentation and hands-on experience followed by lab access and direct assistance from our Master Accredited Engineer.

Attend from your home, office or one of our convenient locations.

Our training classes are **Guaranteed to Run, We Never Cancel!**

NetX training classes are broadcast remotely, allowing our students to attend from any location. *To ensure a positive experience we only allow students to attend remotely and do not mix on-site with remote presentation.*

Smaller classes and 24/5 access are more effective: Each training class has a maximum size of 10 students, ensuring that every participant gets the most out of the presentation and can interface more comfortably with our engineer. 24/5 access to your dedicated training environment allows each student to practice labs as their schedule permits.

Benefits of NetX Training

Our classes are guaranteed to run, We Never Cancel!

Our Instructors strive to make us #1 in customer satisfaction.

Our Instructors are Master Accredited.

Classes are broadcast online, so you can attend from your home or office.

Virtual training saves time and travel costs.

An appealing alternative at a fraction of the price.

Get hands-on, 'Real World' experience.

Dedicated labs available 24 hours a day, 5 days a week.

Each training class has a maximum size of 10 students.

Our live, Instructor-led classes can be held on-site at your location.
