

# Symantec Client Management Suite

Product Sales, Professional Services & Authorized Training

NetX Information Systems, Inc. • Symantec Expert Accredited Partner

## IT flexibility. User freedom.

Symantec Client Management Suite (CMS) powered by Altiris technology deploys, manages, secures and troubleshoots systems, including desktops and laptops throughout their entire IT lifecycle. Manage more technologies with greater efficiency, on platforms including Windows, Mac, Linux and virtual desktop environments. Rapidly deploy and support devices, platforms, and applications while also working smarter with simplified administration and reporting tools.

### Boundaryless Management

Secure management regardless of location

### Maximum Productivity

Streamlined management of devices and applications

### Dynamic Insights

Enhanced analysis and administrative experience
