

Symantec Data Loss Prevention

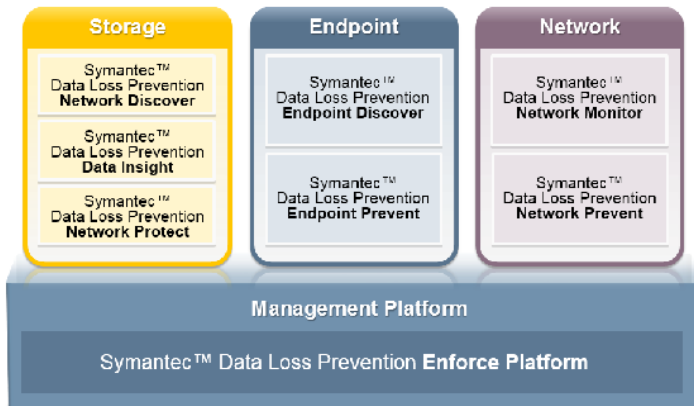

Product Sales, Professional Services & Authorized Training

NetX Information Systems, Inc. • Symantec Expert Accredited Partner

The Market-Leading Data Loss Prevention Solution.

Symantec Data Loss Prevention (DLP) solution helps you protect your data from loss and theft, comply with privacy laws, and safeguard your reputation. Symantec DLP software discovers, monitors, protects and manages your confidential data wherever it's stored and used – across endpoints, mobile devices, network and storage systems. Consists of a unified management platform, content-aware detection servers, and lightweight endpoint agents.
